

2022 Summer School Class Descriptions

KINDERGARTEN & ELEMENTARY ACADEMICS

CLASS	GRADES	TIME	CLASS DETAILS
Session 1: In-Person Mathematics Procedures and Problem Solving <i>Academic Class</i>	K5	8:00 AM–9:55 AM	<p>Kindergarten for 5-year-olds Arithmetic: <i>(Faith Baptist Schools does not use Common Core strategies to teach math).</i> <u>K5 Arithmetic</u> is a wonderful course for students who want to work ahead and get a jump start on our K5 school year. This class will pick up where our K4 arithmetic leaves off, and your child will build his addition skills and be introduced to subtraction. Students will also learn to identify and write numbers 1-100. If you want your child to have a great transition into K5, this is the class for you!</p>
	1	8:00 AM–9:55 AM	<p>1st-Grade Arithmetic: <i>(Faith Baptist Schools does not use Common Core strategies to teach math).</i> <u>1st-Grade Traditional Arithmetic</u> gets your child prepared for a successful transition from K5 to first grade. This math session will emphasize arithmetic foundations. Students will review numbers and their values, addition, and subtraction skills, as well as learning how to read calendars, count money, graph, and tell time. If a student already has a good grasp of these concepts, he would be a suitable candidate for the advanced class. <u>1st-Grade Advanced Arithmetic</u> begins with the same skills as our traditional curriculum, but this class moves more quickly and covers more material, giving your child the advantage of a stronger foundation for first grade.</p>
	2	8:00 AM–9:55 AM	<p>2nd-Grade Arithmetic: <i>(Faith Baptist Schools does not use Common Core strategies to teach math).</i> <u>2nd-Grade Traditional Arithmetic</u> builds on the arithmetic skills learned in our first grade, giving students a great introduction to second-grade curriculum and a great head start for the fall! Students will continue to learn subtraction with borrowing, addition with carrying, counting money, tell time, solving story problems, and multiplication facts. If a student already has a good grasp of these concepts, he would be a suitable candidate for the advanced class. <u>2nd-Grade Advanced Arithmetic</u> begins with the same skills as our traditional curriculum, but this class moves more quickly and covers more material, giving your child the advantage of a stronger foundation for second grade.</p>
	3	8:00 AM–9:55 AM	<p>3rd-Grade Arithmetic: <i>(Faith Baptist Schools does not use Common Core strategies to teach math).</i> <u>3rd-Grade Traditional Arithmetic</u> will implement all the skills from 2nd grade (addition, subtraction, multiplication, division, time, story problems, long division, Roman numerals, money, and rounding). We strive to help our students master the basics so the upcoming school year will be an easier transition. If a student already has a good grasp of these concepts, he would be a suitable candidate for the advanced class. <u>3rd-Grade Advanced Arithmetic</u> begins with the same skills as our traditional curriculum, but this class moves more quickly and covers more material, giving your child the advantage of a stronger foundation for third grade.</p>
4	8:00 AM–9:55 AM	<p>4th-Grade Arithmetic: <i>(Faith Baptist Schools does not use Common Core strategies to teach math).</i> <u>4th-Grade Traditional Arithmetic</u> is the perfect class if your child needs help with long division or multiplication, if he is new to Faith Baptist, or if you would like for him to build a stronger foundation in arithmetic. We will be focusing on mastering multiplication, division, measurement conversions, fraction, and more with the goal of helping your child solve arithmetic problems more efficiently. If a student already has a good grasp of these concepts, he would be a suitable candidate for the advanced class. <u>4th-Grade Advanced Arithmetic</u> is for Faith Baptist Students who would like to get ahead for the upcoming year. We will start with where they finished in 3rd grade and then advance into new math concepts that will be taught in 4th grade.</p>	

2022 Summer School Class Descriptions

<p>5</p> <p>8:00 AM–9:55 AM</p>	<p>5th-Grade Arithmetic: (<i>Faith Baptist Schools does not use Common Core strategies to teach math</i>).</p> <p><u>5th-Grade Traditional Arithmetic</u> will cover units 1-9 of our 5th-Grade Math textbook. We will review addition, subtraction, multiplication, and division of whole numbers, decimals, and fractions, and we will introduce algebraic and geometric concepts and formulas. This instruction will review some of the concepts learned in the 4th grade but will also introduce the critical thinking requirements of our 5th-Grade math. Learning these skills really helps to prepare students for our 5th-grade math program.</p> <p><u>5th-Grade Advanced Arithmetic</u> will cover units 10-19 of our 5th-Grade Math textbook. We will teach geometric principles, including perimeter, area, volume, surface area, transformations, congruence, and symmetry. We will cover algebraic topics such as measurement conversions with units, time, and temperature. We will solve and graph equations and date. We will even introduce topics in statistics such as graphs, ratios, percent, and probability.</p>
<p>6</p> <p>8:00 AM–9:55 AM</p>	<p>6th-Grade Arithmetic: (<i>Faith Baptist Schools does not use Common Core strategies to teach math</i>).</p> <p><u>6th-Grade Traditional Arithmetic</u> prepares students for the first semester of math in our 6th grade. Students who take this course will get a review of arithmetic operations and build their understanding of math concepts. This course will also develop their pre-algebra skills. Students will learn the basics of numeration, the four operations, solving equations, working with fractions and decimals, and integers. Current Faith Baptist student entering 7th grade who needs to make up 6th-Grade Math must enroll in First Semester Pre-Algebra.</p>
<p>Session 2: In-Person Reading and Language Arts <i>Academic Class</i></p> <p>K5</p> <p>10:05 AM–12:00 PM</p>	<p>Kindergarten for 5-year-olds Reading, Phonics, & Letters: K5 Reading, Phonics, & Letters is the perfect way to jump start your child’s kindergarten education. Students will discover the world of reading, and after just five weeks of instruction, students will learn how to read one- and two- vowel words as well as words with consonant blends. Students will also build their phonetic knowledge as we practice special sounds and complete spelling papers each week. This course is a great way to prepare for K5.</p>
<p>1</p> <p>10:05 AM–12:00 PM</p>	<p>1st-Grade Reading & Language Arts: Continue to prepare for a smooth transition from K5 to first grade in 1st-Grade Reading, Phonics, & Letters. This valuable program will take a phonetic approach to build your child’s reading skills, training them to read accurately and expressively. Students will learn to apply basic writing and grammar rules through short story writing and the construction of a friendly letter. Students will also learn capitalization rules, proper punctuation, and spelling strategies.</p>
<p>2</p> <p>10:05 AM–12:00 PM</p>	<p>2nd-Grade Reading Comprehension, Vocabulary, Grammar & Composition: This reading course is designed to help students entering 2nd grade improve their reading skills and build their vocabulary. Teachers will use our phonetic approach to teach reading and build reading smoothness to improve reading comprehension. Teachers will work with students, listening to them read, and giving them practical suggestions to sharpen their oral reading skills. Our goal is to build reading confidence and install a love for reading. In the grammar and composition component of the class, our students will learn about the types of sentences, punctuation and capitalization rules, as well as how to identify many of the parts of speech.</p>
<p>3</p> <p>10:05 AM–12:00 PM</p>	<p>3rd-Grade Reading Comprehension, Vocabulary, Grammar & Composition: 3rd-Grade Reading and Comprehension is filled with stories, questions, and exercises that will help your child learn to think critically, surmise, and improve in his reading skills. Oral, independent, and comprehensive reading exercises also help students to improve and master skills they will need in 3rd grade. Selected vocabulary words are integrated into the curriculum to build your child’s spoken and written vocabulary, helping him to interpret high-level words in the texts they read. The grammar and composition component of this course will help your child understand how to write correctly. We take the basics of sentence structure, parts of speech, word usage, as well as diagramming to help children understand grammatical concepts and to build their language arts. As students master these topics, writing well becomes a manageable task. In this class, students will apply what they learn to their composition assignments and develop a love for writing in the process.</p>

2022 Summer School Class Descriptions

4	10:05 AM–12:00 PM	<p>4th-Grade Reading Comprehension, Vocabulary, Grammar & Composition:</p> <p>During this class we will read and discuss novels as a tool to build reading fluency and comprehension. Your child will also participate in daily reading comprehension activities. In addition, we will introduce 4th-grade vocabulary words to foster improvement in their spoken and written vocabulary to help them interpret higher-level words. This is a great way to improve your child's reading and critical thinking skills. The grammar and composition component of this course will cover capitalization, punctuation, word usage, and the parts of speech. Your child will also be introduced to the Faith Baptist writing strategy. This format will provide the tools your student needs to write outstanding essays on various subjects. If your child struggled in English in 3rd grade, is new to Faith Baptist, or would like a stronger foundation in English, this would be a great class to take.</p>
5	10:05 AM–12:00 PM	<p>5th-Grade Reading Comprehension, Vocabulary, Grammar & Composition:</p> <p>This course is designed to strengthen your child's reading comprehension skills. Students will participate in reading comprehension activities daily, and they will read and discuss novels to develop comprehension and critical thinking skills. In addition, students will be introduced to 5th-grade vocabulary words and word parts to improve their reading skills. The grammar and composition component of this course will develop and improve your child's grammar and writing skills. It will cover the parts of speech, verb usage, sentence structure, punctuation, and capitalization. Combining grammar mechanics and critical thinking, the students will continue to learn Faith Baptist's writing strategy for effective essay writing.</p>
6	10:05 AM–12:00 PM	<p>6th-Grade Reading Comprehension, Vocabulary, Grammar & Composition:</p> <p>6th Graders will read and analyze different types of writing and learn how to provide literary responses through various essays. Basic skills in comprehension will be taught and practiced. 6th-grade vocabulary words, roots, prefixes, and suffixes will be introduced to foster higher-level reading skills. The grammar and composition component of this course will review key concepts in sentence construction while reinforcing capitalization and punctuation rules. Students will be able to recognize and use the eight parts of speech. Several compositions will test the students' ability to create and publish original essays over a variety of topics.</p>

2022 Summer School Class Descriptions

SUMMER ENRICHMENT—Session 1

CLASS	GRADES	TIME	CLASS DETAILS
Digital Art <i>iPad Required</i> <i>Enrichment Class</i>	4–8	8:00 AM–9:55 AM	Digital Art teaches drawing and design using a tablet-and-stylus that is capable of operating the ProCreate App. Students will expand their skills as communicators, cartoonists, storytellers, and illustrators. Students who want to take this class will need a working tablet, stylus/pencil, and the Application Procreate Pocket.
Summer Beginning Band <i>Enrichment Class</i>	4–12	8:00 AM–9:55 AM	Have you ever wanted to learn an instrument? Does the idea of playing in a band and making music with your friends sound exciting? Then come join the FBS Summer Beginning Band ! Even if you have no prior musical knowledge, we will teach you everything you need to know. This five-week course will set you up with the tools you need to begin a lifelong journey of music making! In Intramural Basketball , students will learn the basic skills of shooting, rebounding, ball handling, and all the other fundamentals of the game. Students will also learn how to practice better, improve their skills, and participate in scrimmage basketball games.
Basketball <i>Enrichment Class</i>	4–8	8:00 AM–9:55 AM	In Conversational Spanish , along with vocabulary words for greetings, numbers 1-100, colors, days of the week and months of the year. Students will learn basic conversational techniques in addition to songs and culture as related to Mexico and Spain.
Conversational Spanish <i>Enrichment Class</i>	1–3	8:00 AM–9:55 AM	Wonderworks is about discovering how fun science can be. Through this class, students will become familiar with the different branches of science—biology, anatomy, chemistry, physics, and forensics. Students will apply the concepts we learn to investigations, activities, projects, and experiments. Whether they are building bridges, flying airplanes, solving mysteries, or dissecting plants, students will get to explore God’s amazing creation!
Wonderworks: Fun with Applied Science <i>Enrichment Class</i>	1–3	8:00 AM–9:55 AM	Creative Writing will be an enormous benefit for any student who is interested in improving his writing skills and having a good time learning how to write both prose and poetry. Each student will be taken step-by-step through the writing process and will learn how to make his writing come to life.
Creative Writing <i>Enrichment Class</i>	2–6	8:00 AM–9:55 AM	This fun class will be for students who want to learn how to be a hit in the kitchen. Students will don their toques, roll up their sleeves, and learn the cooking basics of soups, lunches, dinners, and desserts Along the way in Cooking with Style , they will be given basic instruction in table etiquette and presentation.
Cooking with Style <i>Enrichment Class</i>	4–8	8:00 AM–9:55 AM	

2022 Summer School Class Descriptions

SUMMER ENRICHMENT—Session 2

CLASS	GRADES	TIME	CLASS DETAILS
Get Artsy <i>Enrichment Class</i>	1–3	10:05 AM–12:00 PM	All kids start off as artists, with a desire to express themselves, tell stories, or create whatever they feel like at the moment. Get Artsy will help give them tools to develop their skills, try new tools, and help them experience art in brand new ways.
Summer Beginning Band <i>Enrichment Class</i>	4–12	10:05 AM–12:00 PM	Have you ever wanted to learn an instrument? Does the idea of playing in a band and making music with your friends sound exciting? Then come join the FBS Summer Beginning Band! Even if you have no prior musical knowledge, we will teach you everything you need to know. This five-week course will set you up with the tools you need to begin a lifelong journey of music making! In Beginning Music Performance , students will be taught basic note reading using music letters, solfege, and numbers. Key music terms regarding tempo, dynamics, and note values will also be taught. Students will also learn vocal warm-ups, solo singing, and songs for groups. Incorporated in the learning experience is vocal projection through speaking and expressing one’s ideas through play acting (3-5 minutes of acting snippets with a short song at the end). Each student’s goal is to perform a solo number by the end of the program, to learn to sing together, and to act short musical plays together.
Beginning Music Performance <i>Enrichment Class</i>	1–3	10:05 AM–12:00 PM	
Personal Finance <i>Enrichment Class</i>	4–8	10:05 AM–12:00 PM	The one subject every student must understand to be successful in today’s world—money and finances. In Personal Finance , students will be introduced to the basics of making a budget, understanding insurance, balancing an account, writing checks, and buying or leasing a car. Student exercises will include shopping for a house or an apartment according to their budget, writing a resume, and practicing a job-winning interview. This exciting class will set your student ahead of the pack by preparing them for these important steps in his life!
Wonderworks: Fun with Applied Science <i>Enrichment Class</i>	4–8	10:05 AM–12:00 PM	Wonderworks is about discovering how fun science can be. Through this class, students will become familiar with the different branches of science—biology, anatomy, chemistry, physics, and forensics. Students will apply the concepts we learn to investigations, activities, projects, and experiments. Whether they are building bridges, flying airplanes, solving mysteries, or dissecting plants, students will get to explore God’s amazing creation!
Drama <i>Enrichment Class</i>	1–6	10:05 AM–12:00 PM	Creative Writing will be an enormous benefit for any student who is interested in improving his writing skills and having a good time learning how to write both prose and poetry. Each student will be taken step-by-step through the writing process and will learn how to make his writing come to life.
Cooking with Style <i>Enrichment Class</i>	4–8	10:05 AM–12:00 PM	This fun class will be for students who want to learn how to be a hit in the kitchen. Students will don their toques, roll up their sleeves, and learn the cooking basics of soups, lunches, dinners, and desserts Along the way in Cooking with Style , they will be given basic instruction in table etiquette and presentation.

2022 Summer School Class Descriptions

JUNIOR & SENIOR HIGH ACADEMICS

CLASS	GRADE	SEMESTER	TIME	CLASS DETAILS
English Grammar & Literature (Jr. High) <i>Academic Class</i>	7–8	Semester 1 or 2	10:05 AM–12:30 PM	Junior-High English instruction will develop the student’s grammar and writing skills. This class also includes a literary project. Students repeating English to fulfill a graduation requirement will also retake the appropriate semester of literature tests. A full year of English is available for current Faith Baptist students only. Students cannot miss more than three days of class if the goal is to receive school credit.
English Grammar & Literature (Sr. High) <i>Academic Class</i>	9–12	Semester 1 or 2	7:30 AM–9:55 AM	Senior-High English instruction will develop the student’s advanced grammar and writing skills, and it will include a literary project. Students repeating English to fulfill a graduation requirement will also retake the appropriate semester of literature tests. A full year of English is available for current Faith Baptist students only. Students cannot miss more than three days of class if the goal is to receive school credit.
World History <i>Academic Class</i>	7 & 9	Semester 1 Semester 2	7:30 AM–9:55 AM 10:05 AM–12:30 PM	World History covers the history and geography of the Western World. This course provides credit for one or two semesters of world history. Faith Baptist students who would like a study hall during the school year may take a semester or more of history and get ahead. Students cannot miss more than three days of class if the goal is to receive school credit.
U.S. History <i>Academic Class</i>	8 & 11	Semester 1 Semester 2	7:30 AM–9:55 AM 10:05 AM–12:30 PM	U.S. History covers history of the United States from its founding until the present day. This course provides credit for one or two semesters of U.S. history. Faith Baptist students who would like a study hall during the school year may take a semester or more of history and get ahead. Students cannot miss more than three days of class if the goal is to receive school credit.
Pre-Algebra <i>Academic Class</i>	7–12	Semester 1 Semester 2	7:30 AM–9:55 AM (both at same time)	Pre-Algebra students will study patterns of numbers, operations, and variables; simplifying expressions; solving equations; graphing linear equations; ratio/proportions as well as other topics. Students cannot miss more than three days of class if the goal is to receive school credit. (Current Faith Baptist students entering 7th grade who need to make up 6th-Grade Math must enroll in this class, not 6th-Grade Math. A full year of pre-algebra is not available.)
Algebra 1 <i>Academic Class</i>	7–12	Semester 1 Semester 2	7:30 AM–9:55 AM 10:05 AM–12:30 PM	Algebra 1 students will study real numbers, inequalities, factoring, polynomials, linear and quadratic equations, equations, and graphs as well as other topics. Students may take either semester, but not both without administrative approval. Students cannot miss more than three days of class if the goal is to receive school credit. (A full year of Algebra 1 is not available except for current Faith Baptist students who meet certain requirements and have approval of instructor and principal. 6th-Grade students entering 7th-grade may take first-semester Algebra 1 if they have successfully met the requirements for Algebra 1 in 7th grade or they have met the requirements to attempt placement in Algebra 1 by summer school.)
Geometry <i>Academic Class</i>	8–12	Semester 1 Semester 2	10:05 AM–12:30 PM (both at same time)	In Geometry, points, lines, and planes will be analyzed to develop geometrical reasoning and proofs. Triangular and various polygonal shapes will be compared for congruence and similarity. Circles and polygons will be included in computation of area, similarity, and congruence. Solid geometry and analysis of planar and spatial loci will complete the study with some computations in probability. Students may take either semester, but not both without administrative approval. (Prerequisite: passing grade in Algebra 1). Students cannot miss more than three days of class if the goal is to receive school credit. (A full year of Geometry is not available except for current Faith Baptist students who meet certain requirements and have approval of instructor and principal.)
